

CHURCH PLANTS, 2003–2005

Updated April 25, 2006

This is our attempt to list all new congregations planted by Christian churches and churches of Christ since 2003. The church plants are listed chronologically. We have made every attempt to produce a complete list, with as much data as possible. If you know about other new churches started since 2003, we'd be pleased to print an updated list in a future issue.
