

The Gap Between Bible College/University Graduates and Grads with Theology/Ministry Degrees

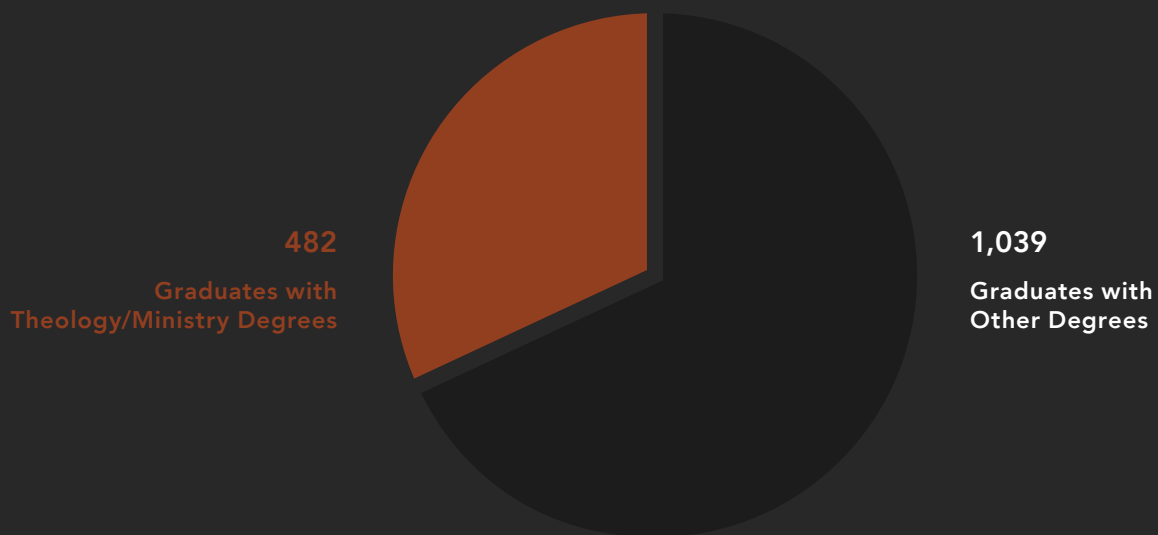

- The white line tracks the total number of graduates—ministry and non-ministry—at 16 of the largest Christian colleges and Bible colleges associated with our Restoration Movement churches.
- The orange line tracks the total number of graduates earning theology and/or ministry degrees at those same institutions.

Notice that during the first decade of the 21st century, the lines run parallel to one another, but during the past 10 years, the number of non-ministry graduates has increased while the number of ministry/theology graduates has declined.

All data gathered from the Integrated Postsecondary Education Data System website (<https://nces.ed.gov/ipeds/>).
